

LAN STATION CASTER KIT

The Kendall Howard Caster Kit is great add on to our Performance Series® LAN Stations/Workbenches. No hardware or tools are required to install these lockable, swivel casters. They simply twist into the base of the table leg for a secure hold. These heavy duty bearing driven casters have threaded shafts that replace the levelers and make installation easy. With a maximum load capacity of 1,000 lbs., you can add the LAN Station Caster Kit to any Performance Series® LAN Station/Workbench or 4-Post Open Frame Rack to make it mobile. We offer both a LAN Station Caster Kit (includes four casters) and a LAN Station Corner Caster Kit (includes six casters) to accommodate all of our Performance Series® LAN Stations/Workbenches.

- Includes four or six casters
- All casters are locking
- Non-marking wheels
- Tool-less installation
- Made in the USA
- Limited Lifetime Warranty

Easy Installation - These lockable casters easily install in any LAN Station or 4-Post Open Frame Rack. Simply twist each caster into the base of the table leg to make your product mobile. No hardware or tools required.
