1RU LGX Patch Panel

Features and Benefits

- Frontal and rear management systems to easily install pre connectorized assemblies and jumpers
- Easy access to LGX cassettes or adapters plates for new connections or maintenance
- 19" and 23" rack compatible

Product Description

The LGX modular Patch Panel is used to manage your pre-terminated solutions efficiently, saving time and money. It enables quick and easy installation of LGX pre connectorized cassettes or adapter plates. You can easily rearrange your network connections and connect new jumpers.

The 1RU Patch Panel houses 03 LGX cassettes or LGX plates up to 72 LC terminations. The product measures 17.5 inches wide by 10.0 inches deep and 1.72 inches high.

The Panel allows fixation onto 19 or 23" rack and cabinets. The frontal management system is equipped with lateral jumper guides in order to protect the patch cords.
