## Harsh Environment SMA 905 Connector for Step-Index 200/230 $\mu\text{m}$ HCS<sup>®</sup>

P/N: BP01016-32

### Overview

OFS SMA 905 threaded connector system is compatible with OFS Crimp and Cleave Termination Kits. The crimp and cleave SMA 905 connector takes advantage of the advanced optomechanical properties of HCS fiber, attaching through mechanical means rather than traditional epoxy/polish. This saves time and greatly simplifies installer training requirements. It is an excellent solution for field connectorization and repair in harsh, industrial environments. No epoxy, no curing, no polishing steps. Quick, easy, reliable.
