

1124-SSTP

072-059-20

Product Description

The Multilink® 1124-SSTP Optical Fiber Splice Tray is designed to safely route and store optical fiber and associated splices. The tray is equipped with a full set of organizers to support single, mass, and mechanical splicing. It is fully compliant to industry specification Telcordia GR-769, Splice Organizer Assemblies for Optical Fibers. The 1124-SSTP clear covered splice tray is designed to be installed into the Multilink's Optical Fiber Splice Closures. The tray is one of a family of units that support fiber splicing.
