

Shoe Covers

Product Description

The Multilink Shoe Covers provide superior protection from work area contamination. The covers are made from a fluid impervious material, and the seamless sole provides added comfort and durability. All sizes are blue in color but thread colors along the opening of the cover allow for easy size identification. All seams are completely serged and the covers are non-conductive.

General Specifications

Serged Seams

This seam is produced when the threads are interlocked around the material edges for a strong stress-resistant seam.

Size	Length (A)	Height (B)	Top Relaxed (C)	Top Stretched (C)
Univ.	15 1/2"	6 1/2"	4 1/2"	10 1/2"
