

# FIST-FSASA3-SPLITTER-TRAYS

## Base Product

## FIST-FSASA3 Splitter splice trays

CommScope redesigned the FIST-FSASA3 splitter tray to add new features that reduce footprint and installation time. The height was changed from 8 mm (for single element) to 4 mm (for single circuit) while still offering split ratios up to 2:32. Moreover, an on-tray splice capacity for the input fiber(s) is added both for SMOUV and ANT splice protectors. For more flexibility during installation, output fibers can be rerouted to the other side, using the island in the middle of the tray. Designed for use both in indoor and outside plant environments. So, they're equally up to the task of splitting and combining light signals in the field to provide new service at multi-dwelling units (MDUs) as they are for monitoring network activities in the central office.

CommScope's FSASA3 splitter tray portfolio is based on planar lightwave circuit (PLC) and fused biconic tapered (FBT) technologies. PLC splitters support 1:N and 2:N configurations where N=1 to 32. FBT couplers are only available in 2:2 split ratios. CommScope's splitters/couplers are packaged in a compact housing using 250  $\mu$ m leads. Input fiber color coding is clear. Output fiber color coding is blue, orange, green, brown, slate, white, red, and black.

## Product Classification

<b>Regional Availability</b>	Asia   Australia/New Zealand   EMEA   Latin America   North America
<b>Product Type</b>	Splitter splice tray
<b>Product Brand</b>	FIST®
<b>Product Series</b>	FIST-FSASA3

## General Specifications

<b>Functionality</b>	Splitting
<b>Technology Type</b>	Planar lightwave circuit (PLC)
<b>Application</b>	For use with BUDI fiber wall boxes   For use with FIST fiber splice closures
<b>Interface, Input</b>	Stub tail
<b>Interface, Output</b>	Stub tail
<b>Split Ratio</b>	Symmetrical

## Dimensions

<b>Pigtail Diameter, Input</b>	0.25 mm   0.01 in
<b>Pigtail Diameter, Output</b>	0.25 mm   0.01 in

## Representative Image

# FIST-FSASA3-SPLITTER-TRAYS

---

## Optical Specifications

<b>Performance Grade</b>	Grade P (PLC, standard)
<b>Wavelength Range</b>	1260–1650 nm

## Packaging and Weights

<b>Packaging quantity</b>	1
