

RBA84-36 24V-Primary / 48V-Secondary Power & Battery Cabinet

- Sealed to outside environment
- Double wall construction

OBSOLETE

Product Classification

Product Type Power supply enclosure

General Specifications

Access Front door | Rear door

Batteries Not included

Batteries Supported 180 A-h batteries

Cabinet Type Battery back-up cabinet

Color Beige

Cooling Heat exchange

Dimensions

Height 2,133.6 mm | 84 in

Width 914.4 mm | 36 in

Depth 990.6 mm | 39 in

Electrical Specifications

Battery String Current, maximum 4320 A-h @ 24 Vdc

Voltage 24 Vdc | 48 Vdc

Material Specifications

Finish Powder coated

Environmental Specifications

Qualification Standards OSHA | Telcordia GR-487

760133546

Packaging and Weights

Weight, net 371.946 kg | 820 lb

Weight, with batteries, typical 1,995.806 kg | 4400 lb

Regulatory Compliance/Certifications

Agency

ISO 9001:2015

Classification

Designed, manufactured and/or distributed under this quality management system
