Eliminate Tangled Security Cables!

SCP Security-Alarm Coil Packs are the Installer's Best Friend

USE SCP SECURITY-ALARM COIL PACKS FOR:

Faster Installations

Because the wire pulls through the middle of the Coil Pack, installers can stack the Coil Packs and pull multiple wires in parallel for faster installation.

Easy Clean-up

No box or spool means less waste and easier clean-up.

Many Choices

SCP Security-Alarm Coil Packs are available in 18 or 22 AWG, 2 or 4 conductors, stranded and solid, and all are UL and Riser Rated. Ten different PVC jacket colors to choose from.

Solid Conductor Coil Packs
